Guillermo Del Toro at Home with Monsters Mar 24 2022

**Trollhunters** Oct 07 2020 From Guillermo del Toro comes the book that inspired the Netflix Animated Series TROLLHUNTERS! "You are food. Those muscles you flex to walk, lift, and talk? They're patties of meat topped with chewy tendon. That skin you've paid so much attention to in mirrors? It's delicious to the right tongues, a casserole of succulent tissue. And those bones that give you the strength to make your way in the world? They rattle between teeth as the marrow is sucked down slobbering throats. These facts are unpleasant but useful. There are things out there, you see, that don't cower in holes to be captured by us and cooked over our fires. These things have their own ways of trapping their kills, their own fires, their own appetites." Jim Sturges is your typical teen in suburban San Bernardino— one with an embarrassingly overprotective dad, a best friend named "Tubby" who shares his hatred of all things torturous (like gym class), and a crush on a girl who doesn't know he exists. But everything changes for Jim when a 45-year old mystery resurfaces, threatening the lives of everyone in his seemingly sleepy town. Soon Jim has to team up with a band of unlikely (and some un-human) heroes to battle the monsters he never knew existed. From the minds of horror geniuses Guillermo del Toro and Daniel Kraus comes a new illustrated novel about the fears that move in unseen places.

**Garbage Land** Aug 05 2020 Out of sight, out of mind ... Into our trash cans go dead batteries, dirty diapers, bygone burritos, broken toys, tattered socks, eight-track cassettes, scratched CDs, banana peels.... But where do these things go next? In a country that consumes and then casts off more and more, what actually happens to the things we throw away? In Garbage Land, acclaimed science writer Elizabeth Royte leads us on the wild adventure that begins once our trash hits the bottom of the can. Along the way, we meet an odor chemist who explains why trash smells so bad; garbage fairies and recycling gurus; neighbors of massive waste dumps; CEOs making fortunes by encouraging waste or encouraging recycling-often both at the same time; scientists trying to revive our most polluted places; fertilizer fanatics and adventurers who kayak amid sewage; paper people, steel people, aluminum people, plastic people, and even a guy who swears by recycling human waste. With a wink and a nod and a tightly clasped nose, Royte takes us on a bizarre cultural tour through slime, stench, and heat-in other words, through the back end of our ever-more supersized lifestyles. By showing us what happens to the things we've "disposed of," Royte reminds us that our decisions about consumption and waste have a very real impact-and that unless we undertake radical change, the garbage we create will always be with us: in the air we breathe, the water we drink, and the food we consume. Radiantly written and boldly reported, Garbage Land is a brilliant exploration into the soiled heart of the American trash can.

**Performing Mexicanidad** Nov 07 2020 Using interdisciplinary performance studies and cultural studies frameworks, Laura G. Gutiérrez examines the cultural representation of queer sexuality in the contemporary cultural production of Mexican female and Chicana performance and visual artists. In particular, she locates the analytical lenses of feminist theory and queer theory in a central position to interrogate Mexican female dissident sexualities in transnational public culture. This is the first book-length study to wed performance studies and queer theory in examining the performative/performance work of important contemporary Mexicana and Chicana cultural workers. It proposes that the creations of several important artists—Chicana visual artist Alma López; the Mexican political cabareteras Astrid Hadad, Jesusa Rodríguez, Liliana Felipe, and Regina Orozco; the Chicana performance artist Nao Bustamante; and the Mexican video artist Ximena Cuevas—unsettle heterosexual national culture. In doing so, they are not only challenging heterosexist and nationalist discourses head-on, but are also participating in the construction of a queer world-making project. Treating the notion of dis-comfort as a productive category in these projects advances feminist and queer theories by offering an insightful critical movement suggesting that queer worlds are simultaneously spaces of desire, fear, and hope. Gutiérrez demonstrates how arenas formerly closed to female performers are now providing both an artistic outlet and a powerful political tool that crosses not only geographic borders but social, sexual, political, and class boundaries as well, and deconstructs the relationships among media, hierarchies of power, and the cultures of privilege.

[The Blues Don't Care](#) Oct 19 2021 Bobby Saxon lives in a world that isn't quite ready for him. He's the only white musician in an otherwise all-black swing band at the famous Club Alabam in Los Angeles during World War II—and that isn't the only unique thing about him... And if that isn't enough to deal with, in order to get a permanent gig with the band, Bobby must first solve a murder that one of the band members is falsely accused of in that racially prejudiced society. Praise for *THE BLUES DON'T CARE*: "Award-winning author Paul D. Marks hits it out of the park with his latest, *The Blues Don't Care*. On one level it's a mystery where a white musician, Bobby Saxon, in an all-black jazz band, works to solve a murder and clear his name under extraordinary racially-tinged circumstances. But this finely-written novel takes place in World War II-era Los Angeles, and Marks brings that long-gone era alive with memorable characters, scents, descriptions, and most of all, jazz. Highly recommended." —Brendan DuBois, award-winning and New York Times bestselling author "Paul D. Marks finds new gold in 40's L.A. noir while exploring prejudices in race, culture, and sexual identity. There's sex, drugs, and jazz and an always surprising hero who navigates the worlds of gambling, music, war profiteers, Jewish mobsters, and a lonely few trying to do the right thing. Marks has an eye for the telling detail, and an ear that captures the music in the dialogue of the times. He is one helluva writer." —Michael Sears, award-winning author of *Tower of Babel*, and the Jason Stafford series "In *The Blues Don't Care*, Paul D. Marks deftly portrays the colors and contradictions of World War II era L.A. as navigated by unlikely sleuth Bobby Saxon whose disparate worlds collide in this impressive series debut." —Dianne Emley, L.A. Times bestselling author of the Nan Vining mysteries "This story was a breath of fresh air, set in a familiar period, thanks to Sunday afternoon TV movies. Which means the author had to get his world-building right. The good news is—he did, and did it very well indeed." —Discovering Diamonds Reviews "With World War II era Los Angeles as the backdrop Paul D. Marks paints a gritty picture with a tense story and takes on tough subject matters all while keeping the gas pedal to the floor of the mystery. As a drummer of forty plus years I could hear Max Roach, Gene Krupa and Art Blakey all thundering away as the soundtrack to this face paced book! Simply Superb!" —Jonathan Brown author of the Lou Crasher and Doug "Moose" McCrae series "Paul D. Marks delivers a well-told tale of jazz and murder. *The Blues Don't Care* is written in a flowing style with a moving pace. Marks does a very convincing job transporting readers back in time to 1940s' L.A., and he's managed to pack in plenty of tension, along with some unexpected twists along the way." —Dietrich Kalteis, award-winning author of *Ride the Lightning* and *House of Blazes*
