Offering Flowers, Feeding Skulls Oct 19 2021 The Indian state of West Bengal is home to one of the world's most vibrant traditions of goddess worship. The year's biggest holidays are devoted to the goddesses Durga and Kali, with lavish rituals, decorated statues, fireworks, and parades. In Offering Flowers, Feeding Skulls, June McDaniel provides a broad, accessibly written overview of Bengali goddess worship. McDaniel identifies three major forms of goddess worship, and examines each through its myths, folklore, songs, rituals, sacred texts, and practitioners. In the folk/tribal strand, which is found in rural areas, local tribal goddesses are worshipped alongside Hindu goddesses, with an emphasis on possession, healing, and animism. The tantric/yogic strand focuses on ritual, meditation, and visualization as ways of experiencing the power of the goddess directly. The devotional or bhakti strand, which is the most popular form, involves the intense love and worship of a particular form of the goddess. McDaniel traces these strands through Bengali culture and explores how they are interwoven with each other as well as with other forms of Hinduism. She also discusses how these practices have been reinterpreted in the West, where goddess worship has gained the values of sexual freedom and psychological healing, but lost its emphases on devotion and asceticism. Offering Flowers, Feeding Skulls takes the reader inside the lives of practicing Shaktas, including holy women, hymn singers, philosophers, visionaries, gurus, ascetics, healers, musicians, and businessmen, and offers vivid descriptions of their rituals, practices, and daily lives. Drawing on years of fieldwork and extensive research, McDaniel paints a rich, expansive portrait of this fascinating religious tradition.

The Making of Goddess Durga in Bengal: Art, Heritage and the Public Jan 22 2022 This book examines the making of the Goddess Durga both as an art and as part of the intangible heritage of Bengal. As the 'original site of production' of unbaked clay idols of the Hindu Goddess Durga and other Gods and Goddesses, Kumartuli remains at the centre of such art and heritage. The art and heritage of Kumartuli have been facing challenges in a rapidly globalizing world that demands constant redefinition of 'art' with the invasion of market forces and migration of idol makers. As such, the book includes chapters on the evolution of idols, iconographic transformations, popular culture and how the public is constituted by the production and consumption of the works of art and heritage and finally the continuous shaping and reshaping of urban imaginaries and contestations over public space. It also investigates the caste group of Kumbhakers (Kumars or the idol makers), reflecting on the complex relation between inherited skill and artistry. Further, it explores how the social construction of art as 'art' introduces a tangled web of power asymmetries between 'art' and 'craft', between an 'artist' and an 'artisan', and between 'appreciation' and 'consumption', along with their implications for the articulation of market in particular and social relations in general. Since little has been written on this heritage hub beyond popular pamphlets, documents on town planning and travelogues, the book, written by authors from various fields, opens up cross-disciplinary conversations, situating itself at the interface between art history, sociology of aesthetics, politics and government, social history, cultural studies, social anthropology and archaeology. The book is aimed at a wide readership, including students, scholars, town planners, heritage preservationists, lawmakers and readers interested in heritage in general and Kumartuli in particular.

Revelry, Rivalry, and Longing for the Goddesses of Bengal Feb 29 2020 Annually during the months of autumn, Bengal hosts three interlinked festivals to honor its most important goddesses: Durga, Kali, and Jagadhnatri. While each of these deities possesses a distinct iconography, myth, and character, they are all martial. Durga, Kali, and Jagadhnatri often demand blood sacrifice as part of their worship and offer material and spiritual benefits to their votaries. Richly represented in straw, clay, paint, and decoration, they are similarly displayed in elaborately festooned temples, thronged by thousands of admirers. The first book to recount the history of these festivals and their revelry, rivalry, and nostalgic power, this volume marks an unprecedented achievement in the mapping of a major public event. Rachel Fell McDermott describes the festivals' origins and growth under British rule. She identifies their iconographic conventions and carnivalesque qualities and their relationship to the fierce, Tantric sides of ritual practice. McDermott confronts controversies over the tradition of blood sacrifice and the status-seekers who compete for symbolic capital. Expanding her narrative, she takes readers beyond Bengal's borders to trace the transformation of the goddesses and their festivals across the world. McDermott's work underscores the role of holidays in cultural memory, specifically the Bengali evocation of an ideal, culturally rich past. Under the thrall of the goddess, the social, political, economic, and religious identity of Bengalis takes shape.

Puja Prakriti Sep 25 2019 Acharya Saumyendra Nath Brahmachary would engage in detailed discussions during the entire 'Puja Parva' sequentially from 'Pitri-paksha' to 'Devi-paksha' and then also covering Kojagari Lakshmi Puja, Kali Puja, 'Bhadratri-Dwitiya' and 'fi nally Jagadhnatri Puja in the CTVN AKD PLUS satellite cable channel. This book 'Puja Prakriti' is a humble attempt to collate and present his precious renderings on this subject. During his lifetime Acharyadev had written the explanation of the theory behind Durga Puja in his book 'Arsha Bani'. But later, he had explained the entire Puja process especially the detailed rites and rituals of Duga Puja in his own words using a lucid language that is understood by all. In this book we have tried to present his words while retaining his characteristic communication style in conversation mode as far as possible. This is part of a spiritual tradition following the lineage of the Masters ('Guru parampara'). In the fi rst book 'Puja Tattva', the Great Master 'Paramguru' Brahmarshi Satyadev explained the theory behind the Pujas from his realized wisdom. His principal disciple Shrimat Narendranath Brahmachary came up with 'Mantra O Puja Rahasya' which became very popular and handy for worshippers. His worthy successor Shrimat Saumyendra Nath Brahmachary offered a simpler yet scientific and spiritual explanation of the procedural aspects of the Puja. Hence this book has been named as 'Puja Prakriti'. It is a collection of his lectures and discourses originally compiled in Bengali by his disciple Kaberi Mukherjee along with a complete English trans-creation by Shri Sanjoy Mukherjee, also a disciple of Acharyadev, so that the words of the Acharya on Puja may reach people from other linguistic backgrounds for their understanding. We feel that this initiative will help spread his well thought out ideas and messages to a much wider section of the readership. We hope that once this book reaches your hands you will be able to prepare yourselves mentally and spiritually and feel doubly exalted and inspired in the invocation of the Mother. May the blessings of the Divine Mother be the portals in our pathway to the arena of worship – this is the ardent prayer of Her children.

Nine Nights of the Goddess May 14 2021 Explores the contemporary nature and the diverse narratives, rituals, and performances of the Navar?tri festival. Nine Nights of the Goddess explores the festival of Navar?tri alternatively called Navar?tra, Mah?navam?, Durg? P?j?, Dasar?, and/or Dassain which lasts for nine nights and ends with a celebration called Vijayada?am?, or the tenth (day) of victory. Celebrated in both massive public venues and in small, private domestic spaces, Navar?tri is one of the most important and ubiquitous festivals in South Asia and wherever South Asians have settled. These festivals share many elements, including the goddess, royal power, the killing of demons, and the worship of young girls and married women, but their interpretation and performance vary widely. This interdisciplinary collection of essays investigates Navar?tri in its many manifestations and across historical periods, including celebrations in West Bengal, Odisha, Karnataka, Maharashtra, Tamil Nadu, Uttar Pradesh, and Nepal. Collectively, the essays consider the role of the festival's contextual specificity and continental ubiquity as a central component for understanding South Asian religious life, as well as how it shapes and is shaped by political patronage, economic development, and social status. This is a unique collection of marvelously diverse perspectives on one of the most prominent contemporary Hindu festivals. Even those who know much about Durg? P?j? should prepare to be fascinated by the work of these scholars.

Ga e apur Apr 24 2022 This book offers a translation of the seven thousand verses of the second book of the medieval Hindu text, the Ganesa Purana, one of two Puranas dedicated to the important elephant-headed god. In this book the reader is given many narratives about Ganesa's ascent to earth in order to kill demonic figures who threaten to overthrow the correct world order. In addition, these narratives contain myths about Ganesa's birth and family as well as some extended and quite humorous myths about ideal devotees of the god. The translation is preceded by a long introduction offering a geographical and historical context for the Ganesa Purana. Following the translation are very extensive notes which bring our points of philological interest, but focus mainly on the literary structure of the text and the methods used to present the many myths and narratives in a coherent and fully integrated manner.

Protest, Upliftment and Identity Nov 07 2020 The period from 1872-1947 witnessed the rise of many movements in Bengal, where those who were considered lower castes were mobilised to protest against the inequality and injustice meted out to them in various fields, including religion, politics and education. The focus of their struggle was the social injustice within the Hindu caste hierarchy. Unlike in south and western India where caste movements were often associated with anti-Brahmanical movements, in Bengal it was upgradation of caste from Sudra to Kshatriya varna. The main focus of the study is the Kshatriyaization movement of Rajbansis, the Matua movement of Namasudras, and the colonial policy of 'Protective Discrimination' and its impact. It studies the attempt by Rajbansis community to establish themselves as Kshatriyas in the first half of the twentieth century, though the movement started in the late nineteenth century itself. It also includes their struggle against the Brahmanical dominance and the elites of their own community. Alongside the Kshatriyaization movement, a parallel movement for the social uplift started among the Namasudra community, which later spread to northern Bengal. Their struggle actually began from the time of the first Census in 1872, when the census authorities classified the Namasudras as Chandals in the census report. The Namasudra protest movement, hereafter, developed through a different channel provided by a Vaishnava religious sect named Matua, started under a Namasudra leader Harichand Thakur. This book is essential for those wishing to understand the socio-religious movement of the Namasudra and the Rajbansis communities in their historical context. Print edition not for sale in India, Pakistan, Nepal, Bhutan, Bangladesh and Sri Lanka.

The Changing World of Caste and Hierarchy in Bengal Dec 09 2020 This book challenges the prevalent assumptions of caste, hierarchy and social mobility in pre-colonial and colonial Bengal. It studies the writings of colonial ethnographers, Orientalist scholars, Christian missionaries and pre-colonial literary texts like the Mangalkavyas to show how the concept of caste emerged and argues that the jati order in Bengal was far from being a rigidly reified structure, but one which had room for spatial and social mobility. The volume highlights the processes through which popular myths and beliefs of the lower caste orders of Bengal were Sanskritized. It delineates the linkages between sedentized peasant culture and the emergence of new agricultural castes in colonial Bengal. Moreover, the author discusses a wide spectrum of issues like marginality and hierarchy, the spread of Brahmanical hegemony, the creation of deities and the process of Sanskritization, popular Saivism, the cult of Manasa in Bengal and the revolt of 1857 and the caste question. Rich in archival sources, this book will be an essential read for scholars and researchers of colonial history, Indian history, political sociology, caste studies, exclusion studies, cultural studies, social history, cultural history and South Asian studies, especially those interested in undivided Bengal.

The Spiritual Heritage of India Jun 02 2020 This book, first published in 1962, is an analysis of the history of the philosophy of a country that has never distinguished philosophy from religion. Indian philosophy is not merely metaphysical speculation, but has its foundation in immediate perception. This insistence upon immediate perception rather than abstract reasoning is what distinguishes the Indian philosophy of religion from philosophy as Western nations know it.
