This is likewise one of the factors by obtaining the soft documents of this **Nursing Care In A Violent Society Issue And Research** by online. You might not require more grow old to spend to go to the ebook initiation as without difficulty as search for them. In some cases, you likewise reach not discover the notice **Nursing Care In A Violent Society Issue And Research** that you are looking for. It will very squander the time.

However below, afterward you visit this web page, it will be appropriately enormously simple to acquire as competently as download guide **Nursing Care In A Violent Society Issue And Research**

It will not take many mature as we accustom before. You can complete it though accomplishment something else at home and even in your workplace. in view of that easy! So, are you question? Just exercise just what we allow under as without difficulty as evaluation **Nursing Care In A Violent Society Issue And Research** what you later to read!

**A Violent World** Feb 08 2021 'Sasquatch Sagas- A Violent World'... is an empowering novel of discovery, adventure and initiation into adulthood. It follows the trials and tribulations of a Juvenile Sasquatch orphaned and alone in the wilderness, fighting desperately for survival in a harsh and dangerous world. After his parents and innocence are both violently taken from him he must reconcile the horror of his grief and come to grips with the raging anger of his inner demons. During his traumatic coming of age, the identities of the real monsters in his world shift and flow like shadows in the fog. 'A Violent World' is a tale of tragedy and hope, violence and tenderness, in which the young Sasquatch must learn to harness his emotions and master his burning, inner rage at his misfortune... if he is to have any hope of surviving his odyssey towards the Pole Star and hoped-for redemption. "An amazing but believable tale incorporating Bigfoot lore and research, Dogman, Government cover-ups, and blending it all together in an action packed story of life, love, beginnings and endings plus the turmoil that goes with it... Funny in parts while tragic in others and a great read from start to finish." ... James P, Encounter Survivor

**Violence in Today's School Workplace** May 14 2021 Increasingly, headlines today report out-of-control student violence occurring in our schools and colleges. Yet so little concrete action is being taken to protect the bystanding victims of this trauma, the school worker. Classroom teachers, administrators, coaches, school bus drivers, cafeteria workers, custodians, and other school employees a

Strategies of Peace Jul 24 2019 Scholars of peacebuilding rethink the basic goals & methods of conflict resolution and argue for a holistic approach that they term strategic peacebuilding, which aims not only for stability but for a comprehensive solution that incorporates apology, forgiveness reconciliation, & most crucially, religion.

A Violent Evangelism Apr 24 2022 In this thought-provoking book, Rivera argues that evangelical reasoning and symbolism were appropriated to justify the armed seizure of people and land in the New World and to validate the conversion, peaceful or forced, of the natives. He recaptures the 16-century political debates, contrasts "discovery" and conquest, and examines the tragic outcome: demographic collapse from the islands Columbus first sighted to the Inca empire in Peru.

*A Violent Gospel* Oct 07 2020 If there's a bad idea in Tugalo County, chances are that Mack and Marshall Dooley are behind it. When the brothers heist a snake-handling church's money-laundering operation, things go south in a hurry. This part of the north Georgia hills ain't much, just hardscrabble folks trying to get by. It's the perfect place to wash a load of cash -- and an even better place to make your enemies disappear. When Mack goes missing, Marshall cuts a deal with a local crime boss to rescue his brother. Navigating a storm of wild women and a literal nest of vipers, the Dooleys can't trust anyone other than themselves to get out of the mess they've made. Praise for **A VIOLENT GOSPEL**: "Let me be the first to sing A Violent Gospel's praises. Mark Westmoreland's debut is the literary equivalent of The Dukes of Hazzard driving onto the set of Elmore Leonard's Justified. This book is filled with folks who know right from wrong but don't like boring." -David Tromblay, author of *As You Were* and *Sangre Road* "Mark Westmoreland's A Violent Gospel is a down-n-dirty, rough-n-tumble romp where no punches are pulled, and Old Testament justice is the law of the land." -Steph Post, author of *Lightwood* and *Miraculum* "In A Violent Gospel Mark Westmoreland stakes his claim as a powerful voice in the Neo-Southern Gothic Movement. Equal parts Flannery O'Connor, Harry Crews with a smidge of Gator era Burt Reynolds, A Violent Gospel is a visceral slice of existential cornbread." -S.A. Cosby, author of *Razorblade Tears* and *Blacktop Wasteland* "This book is rural crime fiction at its best. A bullet read that gets right down to the dark and dirty point. Westmoreland's ability to play in the gray area between darkness and light is spot on word candy that is perfectly suited to the title of A Violent Gospel. Look out for this guy. He's going to listed with Daniel Woodrell and Tom Franklin in no time." -Brian Panowich, author of *Hard Cash Valley* and *Bull Mountain* "A Violent Gospel is one rollicking old testament ass whoopin' of a debut. Westmoreland is an exciting new voice in southern noir, delivering 100 Proof Hellbilly Pulp and I can't wait for more." -Peter Farris, author of *Last Call for the Living* and *Clay Eaters*

Education in a Violent World Oct 31 2022 This book gives an immediate action plan for parents, teachers, school administrators, communities, school boards, first responders and school resource officers (school-based uniform police officers) to protect our kids in school.

*The Violent Society* Sep 25 2019 First published in 1987. Routledge is an imprint of Taylor & Francis, an informa company.

**Unlearning Violence** Nov 07 2020

Living Gently in a Violent World Jun 26 2022 The church has much to learn from an often-overlooked group—those with disabilities. Including a study guide in this expanded edition, Stanley Hauerwas and Jean Vanier shed light on what it means to be human and how we are to live, carefully exploring the contours of a countercultural community marked by radical forms of gentleness, peacemaking, and faithfulness.

*Rose* Mar 12 2021 With trademark precision and razor-sharp wit, Inga Muscio explores the impacts of passive violence, abuse, war, and cultural trauma on our most intimate lives in order to uncover a path

toward healthy and imaginative sex and love. Rose breaks new ground in answering a fundamental question in most feminist and antiracist writing: how do we identify, witness, and then recover from trauma—as individuals, as families, as communities, and as a country? Muscio's ability to address dire topics with a unique freshness and bravery allows her readers to confront the true brutality of a violent culture, then to react powerfully with righteous rage and hopeful determination. Chilling, eye-opening, and thoroughly enjoyable, Rose offers a fresh and exhilarating perspective on achieving empowerment and self-possession.

**These Violent Delights** Aug 05 2020 An Instant New York Times Bestseller! A BuzzFeed Best Young Adult Book of 2020 Perfect for fans of *The Last Magician* and *Serpent & Dove*, this heart-stopping debut is an imaginative *Romeo and Juliet* retelling set in 1920s Shanghai, with rival gangs and a monster in the depths of the Huangpu River. The year is 1926, and Shanghai hums to the tune of debauchery. A blood feud between two gangs runs the streets red, leaving the city helpless in the grip of chaos. At the heart of it all is eighteen-year-old Juliette Cai, a former flapper who has returned to assume her role as the proud heir of the Scarlet Gang—a network of criminals far above the law. Their only rivals in power are the White Flowers, who have fought the Scarlets for generations. And behind every move is their heir, Roma Montagov, Juliette's first love...and first betrayal. But when gangsters on both sides show signs of instability culminating in clawing their own throats out, the people start to whisper. Of a contagion, a madness. Of a monster in the shadows. As the deaths stack up, Juliette and Roma must set their guns—and grudges—aside and work together, for if they can't stop this mayhem, then there will be no city left for either to rule.

Healing Invisible Wounds Jan 10 2021 In these personal reflections on his thirty years of clinical work with victims of genocide, torture, and abuse in the United States, Cambodia, Bosnia, and other parts of the world, Richard Mollica describes the surprising capacity of traumatized people to heal themselves. Here is how Neil Boothby, Director of the Program on Forced Migration and Health at the Mailman School of Public Health, Columbia University, describes the book: "Mollica provides a wealth of ethnographic and clinical evidence that suggests the human capacity to heal is innate--that the 'survival instinct' extends beyond the physical to include the psychological as well. He enables us to see how recovery from 'traumatic life events' needs to be viewed primarily as a 'mystery' to be listened to and explored, rather than solely as a 'problem' to be identified and solved. Healing involves a quest for meaning--with all of its emotional, cultural, religious, spiritual and existential attendants--even when bio-chemical reactions are also operative." *Healing Invisible Wounds* reveals how trauma survivors, through the telling of their stories, teach all of us how to deal with the tragic events of everyday life. Mollica's important discovery that humiliation--an instrument of violence that also leads to anger and despair--can be transformed through his therapeutic project into solace and redemption is a remarkable new contribution to survivors and clinicians. This book reveals how in every society we have to move away from viewing trauma survivors as "broken people" and "outcasts" to seeing them as courageous people actively contributing to larger social goals. When violence occurs, there is damage not only to individuals but to entire societies, and to the world. Through the journey of self-healing that survivors make, they enable the rest of us not only as individuals but as entire communities to recover from injury in a violent world.

The Shadow of Evil Oct 26 2019

**A Violent Grace: Meeting Christ at the Cross (Large Print 16pt)** Jul 16 2021 In this richly designed book, Michael Card reflects on what it means for Christians that we meet our savior at a cross. Card combs the Old Testament prophecies and Gospel accounts of Jesus' self - sacrifice, seeking a renewed vision of the cross - the inconceivable meeting place of violence and grace.

*Living Gently in a Violent World* Jul 04 2020 How are Christians to live in a violent and wounded world? Rather than contending for privilege by wielding power and authority, we can witness prophetically from a position of weakness. The church has much to learn from an often overlooked community--those with disabilities. In this fascinating book, theologian Stanley Hauer was collaborates wi...

**Living in a Violent Household** Mar 24 2022 Unfortunately, news headlines frequently present frightening accounts of women and girls who suffer at the hands of those who live right in their homes. Readers can expect a thoughtful overview of the different kinds of household abuse, whether it's at the hands of partners, parents, or siblings. This approachable volume will help those who are suffering and looking for help as well as those who know someone living in an abusive home. Readers can find tips for safely dealing with these sensitive situations as well as important organizations that offer assistance and safety.

*America the Beautiful and Violent* Jun 22 2019 Widespread media narratives portray an epidemic of neighborhood violence in urban areas—often ignoring the structural explanations advanced by community organizers fighting violence and activists such as those in the Movement for Black Lives. In this book, Dexter R. Voisin provides a compelling and social-justice-oriented analysis of current trends in neighborhood violence in light of the historical and structural factors that have reproduced entrenched patterns of racial and economic inequality. *America the Beautiful and Violent* is built around the powerful voices and insights of black youth in Chicago and their parents and communities. Voisin interweaves their narratives with data, research findings, and historical accounts that provide context for their experiences. He highlights the broad historical, political, economic, and racial factors that shape the construction, concentration, and narratives of violence in black neighborhoods. Voisin explores these forces and the violence they produce; the behavioral health consequences of repeated exposures to neighborhood violence; and the ways youth, families, and communities cope with such traumas. *America the Beautiful and Violent* offers a set of practice and policy recommendations to address the patchwork inequality that leads to concentrated violence and to support children and adolescents struggling with the precarious conditions and threat of violence in their daily lives.

**The Gospel of Peace in a Violent World** Jan 28 2020 The gospel of Jesus Christ is the good news of peace. Gathering contributions from theologians, pastors, and practitioners, Shawn Graves and Marlena Graves cast a vision of Christian nonviolence in today's world, not only responding to the realities of war but also offering a deeper understanding of peace—a holistic shalom.

A Violent Act Apr 12 2021 The story of Mike Wayne Jackson, who killed his probation officer and continued on a killing spree that took him from Indianapolis to Missouri, looks into the heart of American violence and its consequences

**Policing and Boundaries in a Violent Society** Jun 14 2021 "This book explores how social and territorial boundaries have influenced the approaches and practices of the South Africa Police Service (SAPS). By means of a historical analysis of South Africa, this book introduces a new concept, 'police frontierism', which illuminates the nature of the relationships between the police, policing and boundaries, and can potentially be used for future case study research. Drawing on a wealth of research, this book examines how social and territorial boundaries strongly influenced police practices and behaviour in South Africa, and how social delineations amplify and distort existing police prejudices against those communities on the other side of the boundary. Focusing on cases of high-density police operations, public-order policing and the recent policing of the COVID-19 lockdown, this book argues that poor economic conditions combined with an increased militarisation of the SAPS and a decline in public trust in the police will result in boundaries continuing to fundamentally inform police work in South Africa. This book will be of interest to scholars and students interested in policing in post-colonial societies characterised by high levels of violence, as well as police work and police militarization"--

**A Violent Peace** Sep 17 2021 The newly born League of Nations confronted the post-WWI world—from growing stateless populations to the resurgence of right-wing movements—by aiming to create a transnational, cosmopolitan dialogue on justice. As part of these efforts, a veritable army of League personnel set out to shape “global public opinion,” in favor of the postwar liberal international order. Combining the tools of global intellectual history and cultural history, *A Violent Peace* reopens the archives of the League to reveal surprising links between the political use of modern information systems and the rise of mass violence in the interwar world. Historian Carolyn N. Biltoft shows how

conflicts over truth and power that played out at the League of Nations offer broad insights into the nature of totalitarian regimes and their use of media flows to demonize a whole range of “others.” An exploration of instability in information systems, the allure of fascism, and the contradictions at the heart of a global modernity, *A Violent Peace* paints a rich portrait of the emergence of the age of information—and all its attendant problems.

**A Violent World** Aug 24 2019 *A Violent World* analyzes images on global CNN, Israeli IBA, and Palestinian PATV that contribute to how the current violence in the Middle East is framed. Nitzan Ben-Shaul draws from critical media theory and approaches out of cinema studies to examine how dominant ideologies are embedded in mainstream TV news. He focuses on the American elites' global ideology and the conflicting dominant national-peripheral ideologies of Israeli-Palestinian elites, and his in-depth study further offers a new model of analysis for contemporary television news.

*Practicing Reconciliation in a Violent World* Dec 09 2020 How do we practice reconciliation in a world full of violence? How do we love someone at work who seems hell-bent on sabotaging a successful career? And how do religious people resolve differences when religious interpretations seem to lead to righteous indignation rather than reconciliation? We practice reconciliation, according to Michael Battle, by affirming that God is present and acting on that belief, even in the midst of something that looks more like the devil's work. Battle, who worked with Desmond Tutu in South Africa in the past, draws on his knowledge of biblical texts, as well as contemporary scholarship, to examine the ways in which each of us can practice being reconciling people.

**The Cambridge Handbook of Violent Behavior and Aggression** Mar 31 2020 From a team of leading experts comes a comprehensive, multidisciplinary examination of the most current research including the complex issue of violence and violent behavior. The handbook examines a range of theoretical, policy, and research issues and provides a comprehensive overview of aggressive and violent behavior. The breadth of coverage is impressive, ranging from research on biological factors related to violence and behavior-genetics to research on terrorism and the impact of violence in different cultures. The authors examine violence from international cross-cultural perspectives, with chapters that examine both quantitative and qualitative research. They also look at violence at multiple levels: individual, family, neighborhood, cultural, and across multiple perspectives and systems, including treatment, justice, education, and public health.

**A Violent Peace** Jun 02 2020 "Confronted with the roiling changes of the post-WWI world--from growing stateless populations to the resurgence of right-wing movements--the League of Nations aimed to counteract dangerous conflicts between national interests and generate instead a transnational, cosmopolitan dialogue on truth and justice. Amid widespread anxiety over truth and falsehood, an army of League personnel produced streams of documents in the pursuit of "shaping global public opinion." Combining the tools of global intellectual history and cultural history, *A Violent Peace* explores the power and the vulnerability of information systems while laying bare "the anatomy of fascism" in the interwar period. Carolyn Biltoft reopens the archives of the League to show how its attempt to operationalize information science in support of the post-WWI order proved ultimately pyrrhic as informational power struggles devolved into violence. A meditation on instability in information systems, the allure of fascism, and the contradictions at the heart of a global and violent modernity, *A Violent Peace* paints a rich portrait of the emergence of the age of information--and all its attendant problems"--

**Locked in A Violent Embrace** Aug 29 2022 Representing an entirely new approach to domestic violence interventions, this book is based on data accumulated by the authors over the past 12 years from a series of qualitative studies and clinical practice with battered women and their batterers.

**A Violent Education** Dec 29 2019

*Women in a Violent World* Feb 29 2020 This book examines the different ways in which women experience male violence in various situations across 'Europe' and the analyses that feminists have made of that experience. Contributors speak out against men's violent use of power over women, and in favour of making available public resources to support women who survive violent situations, for

changes in legislation and developing educational programmes and public awareness campaigns. While the studies differ in form and context, connections are made between violence apparent at different levels from local or 'domestic' to the national and international contexts. Particular emphasis is placed on women's strategies for resistance whether in situations in which violence occurs in the home, in war conditions, in the movement of refugees or in the widening scope of 'sex industries'. 'European' and international focus (chapters on Russia, Hungary, Ireland, England, Switzerland, Serbia, Croatia, Spain and Scotland) Unites feminist theorising of violence against women with campaigning practices Chapters on the former Yugoslavia raise issues relating to violence against women in war situations Emphasis placed on women's resistance in varying 'European' cultures Analyses violence at local, national and international levels

**Locked in A Violent Embrace** Feb 20 2022 Representing an entirely new approach to domestic violence interventions, this book is based on data accumulated by the authors over the past 12 years from a series of qualitative studies and clinical practice with battered women and their batterers.

*A Violent Peace* Oct 19 2021 *A Violent Peace* offers a radical account of the United States' transformation into a total-war state. As the Cold War turned hot in the Pacific, antifascist critique disclosed a continuity between U.S. police actions in Asia and a rising police state at home. Writers including James Baldwin, Ralph Ellison, and W.E.B. Du Bois discerned in domestic strategies to quell racial protests the same counterintelligence logic structuring America's devastating wars in Asia. Examining U.S. militarism's centrality to the Cold War cultural imagination, Christine Hong assembles a transpacific archive—placing war writings, visual renderings of the American concentration camp, Japanese accounts of the atomic bombing of Hiroshima, black radical human rights petitions, Korean War-era G.I. photographs, Filipino novels on guerrilla resistance, and Marshallese critiques of U.S. human radiation experiments alongside government documents. By making visible the way the U.S. war machine waged informal wars abroad and at home, this archive reveals how the so-called Pax Americana laid the grounds for solidarity—imagining collective futures beyond the stranglehold of U.S. militarism.

*A Violent Heart* Sep 29 2022 Moffatt presents a broad perspective on the psychological and sociological roots of aggression.

**Walking on Eggshells** May 02 2020 Directed to victims of domestic assault, this volume describes the feelings experienced by many women who are in relationships involving physical and psychological abuse and presents specific ways in which a woman can realistically and responsibly respond to the violence. The text uses the personal accounts of women who have been in abusive relationships and the approaches to suffering and recovery involved in the principles of Morita and Naikan therapies. Individual sections focus on the characteristics of a good relationship, effective ways of handling emotions, the decision to leave a relationship, and methods of surviving the past and starting life over again. The text also explains appreciation and respect, redirection, making choices, expectations, and building a partnership in a new relationship. The discussion rests on the view that no woman should live in fear or experience violent behavior.

**The Better Angels of Our Nature** Dec 21 2021 Presents a controversial history of violence which argues that today's world is the most peaceful time in human existence, drawing on psychological insights into intrinsic values that are causing people to condemn violence as an acceptable measure.

**How Children Become Violent** Jan 22 2022 Argues that children who are exposed to violence and are neglected and abused in their early years are more prone to commit violent acts.

**The Violent Season** Aug 17 2021 The unputdownable debut thriller you will never forget. There is something terribly wrong in Wolf Ridge. Every November, every teen is overwhelmed with a hunger for violence...at least, that's the urban legend. After Wyatt Green's mother was brutally murdered last Fall, she's convinced that the November sickness plaguing Wolf Ridge isn't just a town rumor that everyone ignores...it's a palpable force infecting her neighbors. Wyatt is going to prove it, and find her mother's murderer in the process. She digs up every past brutal act she can find from Wolf Ridge's past—from car wrecks, suicides, and unnamed victims turning up in rivers—and even reaches out to

an out-of-state journalist that seems to believe her. But all of her digging leads to nowhere. Everyone in Wolf Ridge accepts that the November sickness is real, and absolutely no one will talk about it. As Wyatt's best friend Cash turns on her, and her friend is almost killed in a tragic accident, Wyatt panics—how can she keep her friends safe, and find her mother's murderer, when no one believes her? As the evidence starts to disappear, Wyatt wonders: is she just imagining everything? Is the sickness real, or are the people of Wolf Ridge just naturally prone to doing bad things? Can Wyatt and her friends come out of the Violent Season unscathed, or is one of them going to be the next victim? "Holy sh..... Can I just say that? Can that be the review? Technically yes, but I **\*\*NEED\*\*** to say that this is without a doubt and by far one of the best books I have read this year!"—Brittney Green, Netgalley Reviewer "A freaking INCREDIBLE debut for Sara Walters. I have not felt this pull to a book in a hot minute. PREORDER IT, ADD IT TO YOUR TBR, AND WAIT IMPATIENTLY FOR OCTOBER BECAUSE THIS BOOK WAS ??????"—Tiffany Clark, Netgalley Reviewer "Be prepared to be captivated after the first sentence."—Rachel Milburn, Netgalley Reviewer

*Violent Land* Sep 05 2020 This book offers an explosive look at violence in America--why it is so prevalent, and what and who are responsible. David Courtwright takes the long view of his subject, developing the historical pattern of violence and disorder in this country. Where there is violent and disorderly behavior, he shows, there are plenty of men, largely young and single. What began in the mining camp and bunkhouse has simply continued in the urban world of today, where many young, armed, intoxicated, honor-conscious bachelors have reverted to frontier conditions. *Violent Land* combines social science with an engrossing narrative that spans and reinterprets the history of violence and social disorder in America. Courtwright focuses on the origins, consequences, and eventual decline of frontier brutality. Though these rough days have passed, he points out that the frontier experience still looms large in our national self-image--and continues to influence the extent and type of violence in America as well as our collective response to it. Broadly interdisciplinary, looking at the interplay of biological, social, and historical forces behind the dark side of American life, this book offers a disturbing diagnosis of violence in our society.

**Raising Nonviolent Children in a Violent World** May 26 2022 Violence is all around us--war, terrorism, street crime, child abuse. Children are bombarded by violent TV shows, movies, and music. Parents fear for the safety of their families and are alarmed when they see their own children acting out in aggressive ways. They often wonder how they can raise their children to live according to the best spiritual values. A family counselor and leader of workshops on raising nonviolent children, Michael Obsatz has identified twenty-one skills that parents and children can learn together for self-protection and for relating to others in loving ways. These include: Coping with Violence in the Media Venting Anger Nonviolently Protecting Your Rights and Privacy Choosing Good Friends Disarming the Bully Avoiding Potentially Violent People Respecting Other People's Rights Coping with Losses and Disappointments Each short chapter includes advice for parents, a word to children, and a variety of interactive activities by which families can practice these important skills and learn to live as peacemakers in God's world.

**Perspectives on Violence and Violent Death** Nov 27 2019 This book examines violence. It looks at the nature and types of violence, the causes of violence, and the emotional wake left by violent episodes. In the twentieth century, the world experienced two world wars and countless other wars. Many millions died violent deaths from murder, death squads, purges, riots, revolutions, ethnic cleansing, rape, robbery, domestic violence, suicide, gang violence, terrorist acts, genocide, and in many other ways. As we entered the twenty-first century, we experienced 9/11, the Red Lake School deaths, suicide bombers, and more mass death brought about by the actions of governments, revolutionaries, terrorists, and still more wars. The need to better understand violence, both lethal and non-lethal, to become aware of the many forms of violence, and to learn how to survive in the aftermath of violent death are the focus of "Perspectives on Violence and Violent Death."

**The End of India** Nov 19 2021 'I thought the nation was coming to an end' When Khushwant Singh witnessed the violence of Partition nearly seventy years ago, he believed that he had seen the worst

that India could do to herself. But after the carnage in Gujarat in 2002, he had reason to feel that the worst, perhaps, was still to come. Analysing the communal violence in Gujarat in 2002, the anti-Sikh riots of 1984, the burning of Graham Staines and his children, the targeted killings by terrorists in Punjab and Kashmir, Khushwant Singh forces us to confront the absolute corruption of religion that has made us among the most brutal people on earth. He also points out that fundamentalism has less to do with religion than with politics. And communal politics, he reminds us, is only the most visible of the demons we have nurtured and let loose upon ourselves. A brave and passionate book, *The End of India* is a wake-up call for every citizen concerned about his or her own future, if not the nation's.

**Children in a Violent Society** Jul 28 2022 Today's children are bombarded with images of violence in cartoons, news reports, television shows, computer games, movies, and other media. In growing numbers, they are also exposed to real-life violence in their own homes and communities--as witnesses, victims, and, increasingly, perpetrators. Too often, children learn that violence is an acceptable way to resolve conflict. Yet even as the problem escalates, our society spends little effort finding viable solutions beyond incarceration--an after-the-problem approach. Emphasizing the need for early intervention and prevention, this timely book examines the impact of violence exposure on children and youth, discusses several existing programs, and proposes new approaches to the problem.
